

## *For over 20 years .....*

*Born from a long family tradition, CETA SIBIU keeps the authenticity and quality of old recipes.*

*Harnessing the healing properties of the Romanian traditional herbs, harvested with love from the sunny hills of Transylvania, our products continue the tradition of old Saxon remedies. The plants' healing essence is captured with care and is transposed into the quality of our ointments, some of the most popular on the Romanian market.*

*We also created a range of cosmetics based on a new processing technology by combining natural active ingredients of plants and phospholipids, - components of cell membranes, thus, our cosmetics effects on the skin are intensively regenerating, nourishing and protective.*

*CETA SIBIU cosmetics range is the only range of cosmetics made in Romania that uses phospholipids in its basic formula.*

# Calendula ointment

## action

Healing, anti-inflammatory, nourishing, bactericidal, antiseptic, emollient, it activates blood circulation

## adjuvant

Hemorrhoids, varicose veins, varicose ulcers, burns, postoperative wounds, eczema, nodules, frostbite, dry lips, cracked heels, scalds in babies.

## cosmetic uses

Face cream for normal, dry and pale skin, indicated also for massage.

## composition

Calendula flower extract, petroleum jelly, lanolin, wax.

## presentation

# Calendula and sea buckthorn ointment

## action

Vitaminizing, toning, nourishing, emollient, healing, anti-inflammatory, bactericidal.

## adjuvant

Hemorrhoids, varicose veins, varicose ulcers, burns, postoperative wounds, eczema, nodules, frostbite.

## cosmetic uses

Face cream for aged, devitalized and pale skin.

## composition

Calendula flower extract, sea buckthorn, petroleum jelly, lanolin, wax.

## presentation

# Calendula and comfrey ointment

## action

Emollient, it nourishes and softens, regenerating, toning, healing, anti-inflammatory, antiseptic.

## adjuvant

Hemorrhoids, varicose veins, varicose ulcers, postoperative wounds, eczema, nodules, frostbite.

## cosmetic uses

Face cream for normal, dry and pale skin, indicated also for massage.

## composition

Calendula flower extract, comfrey, petroleum jelly, lanolin, wax.

## presentation

20 g.

40 g.

# Comfrey ointment

## action

Powerful emollient, healing, regenerative, epitheliasant.

## adjuvant

Anal and breast fissures, arthritis, psoriasis, bruises, joint inflammation, inflammatory process improvement, rheumatism, poor circulation, allergies, neuralgia, atonic wounds, injuries, varicose ulcers.

## cosmetic uses

Face cream for normal, dry and pale skin.

## composition

Comfrey root extract, petroleum jelly, lanolin, wax.

## presentation

20 g.

40 g.

# Calendula and propolis ointment

## action

Bactericidal, bacteriostatic, emollient, nourishing, regenerative, healing, antifungal, antibiotic, antiseptic, antimycotic, anesthetic.

## adjuvant

Wounds, skin diseases, hemorrhoids, varicose veins, burns, varicose ulcers.

## cosmetic uses

Face cream for acne, normal and dry skin massage.

## composition

Calendula and propolis extracts, petroleum jelly, wax, lanolin.

## presentation

# Calendula, propolis and poplar buds ointment

## action

Toning, emollient, healing, antiseptic, calming, bactericidal, regenerative.

## adjuvant

Neuralgia, muscle cramps, wounds, skin diseases, varicose veins, burns, frostbite, anal fissures, dermatomycosis, candidiasis, eczema, acne.

## cosmetic uses

Face cream for acne, normal and dry skin.

## composition

Calendula and poplar buds extracts, propolis, petroleum jelly, wax, lanolin.

## presentation

# 10% propolis ointment

## action

Bactericidal, antifungal, healing, nourishing, antibacterial, regenerating, disinfectant, antimycotic, anti-inflammatory, emollient, it stimulates epithelial tissue

## adjuvant

Wounds, burns, radiation, dermatitis, varicose ulcers.

## cosmetic uses

Face cream for acne skin massage.

## composition

Propolis extract, wax, petroleum jelly, lanolin.

## presentation

# Chamomile ointment

## action

Decongestant, antiseptic, nourishing, tonic, bactericidal, anti-inflammatory, it activates circulation.

## adjuvant

Dermatitis, eczema, allergies, rheumatism, wounds, varicose ulcers.

## cosmetic uses

Face cream for dry, wrinkled and pale skin.

## composition

Chamomile flower extract, petroleum jelly, lanolin, wax.

## presentation

# Sea buckthorn ointment

## action

Vitaminizing, tonic, it protects skin from the harmful action of environmental polluting factors and solar radiation.

## adjuvant

Burns, frostbite, wounds, radiation.

## cosmetic uses

Face cream for aged, devitalized, atonic and pale skin.

## composition

Sea buckthorn fruit extract, petroleum jelly, lanolin, wax.

## presentation

# Plantain ointment

## action

Epithelising, healing, emollient, bactericidal, protective and antiseptic.

## adjuvant

Eczema, wounds, sores, ulcers, skin irritations, varicose and cutaneous ulcers, hemorrhoids, blisters, insect bites, leg swelling.

## cosmetic uses

Face cream for irritated skin.

## composition

Plantain extract, petroleum jelly, lanolin, wax.

## presentation

# Celandine ointment

## action

Healing, antimycotic.

## adjuvant

Psoriasis, treating skin tuberculosis, herpes, sweet sores, fistulas, corns.

## cosmetic uses

Face cream for pigmented skin.

## composition

Celandine extract, petroleum jelly, lanolin, wax.

## presentation

# Tutsan ointment

## action

Antiseptic, healing, it stimulates tissue repair.

## adjuvant

Burns, wounds, ulcers, neuralgia, eczema, hemorrhoids.

## cosmetic uses

Face cream for dry, sensitive and wrinkled skin, indicated also for massage.

## composition

Tutsan extract, petroleum jelly, lanolin, wax.

## presentation

# Arnica ointment

## action

Healing, anti-inflammatory, it stimulates peripheral circulation and tissue repair, epithelising.

## adjuvant

Contusions, wounds, hemorrhoids, rheumatism, acne.

Not suitable for people with sensitivity to arnica.

## composition

Arnica extract, petroleum jelly, lanolin, wax.

## presentation

# Healing ointment

## action

Healing, anti-inflammatory, regenerative, epithelising, emollient, it restores tissues.

## adjuvant

Bumps, bruises, varicose ulcers, wounds, hemorrhoids, anal and breast fissures.

## cosmetic uses

Face cream for dry skin.

## composition

Calendula, chamomile, horsetail, comfrey extracts, wax, lanolin, petroleum jelly.

## presentation

## Regenerating ointment

### action

Regenerating, healing, emollient, nourishing, anti-inflammatory, it stimulates tissue repair and peripheral circulation.

### adjuvant

Wounds, sunburn, eczema, varicose ulcers, hemorrhoids, furunculosis.

### cosmetic uses

Face cream for pale, dry and aged, irritated and reddened skin.

### composition

Arnica, walnut, chamomile, calendula extracts, wax, lanolin, petroleum jelly.

### presentation

## Heel ointment

### action

Epithelisant, emollient, healing and protecting.

### adjuvant

Leg cracks, varicose ulcers, swollen legs.

### composition

Yarrow, calendula, plantain extracts, lanolin, petroleum jelly, wax.

### presentation

## Corns ointment

### action

Epithelisant, emollient, it restores tissues.

### adjuvant

Corns, rheumatism, wounds.

### composition

Calendula, willow, morning glory, celandine extracts, wax, lanolin.

### presentation

## Mallow ointment

### action

Emollient, anti-inflammatory.

### adjuvant

Dermatitis, eczema, hemorrhoids, swollen feet in older people, rosacea, wounds.

### cosmetic uses

It restores the tissues of dry, wrinkled and irritated skin and eyelids.

### composition

Mallow flower extract, petroleum jelly, lanolin, wax.

### presentation

# Devil's claw ointment

## action

Antirheumatic, analgesic, anti-inflammatory.

Young children and before surgery.  
Not suitable for people with sensitivity to devil's claw.

## adjuvant

Arthritis with inflammation and pain, tendonitis, arthritis, spondylosis, , neuralgia, muscle aches, rheumatism, sciatica.

## composition

Devil's claw extract, petroleum jelly, lanolin, wax.

## presentation

# Echinacea ointment

## action

Healing, antibacterial, antimycotic, anti-inflammatory, bactericidal.

## cosmetic uses

Face cream for dry skin.

## adjuvant

Herpes, boils, bites, ulcers, psoriasis.

## composition

Echinacea extract, petroleum jelly, lanolin, wax.

## presentation

## Black bryony ointment

### action

Anti-inflammatory, anti-rheumatic, it stimulates blood circulation.

### adjuvant

Joint pain and back pain, arthritis, lumbo-sciatica, rheumatism, cervical spondylosis, bruises, it improves joint flexibility.

Not suitable for people with sensitivity to black bryony.

### composition

Black bryony extract, petroleum jelly, lanolin, wax.

### presentation

## Calendula, argan and olive oil ointment

### action

Regenerating, restructuring, nourishing, healing, protective, anti-inflammatory and emollient. It gives firmness to the skin and prevents stretch marks.

### presentation

## Chestnut ointment

---

### action

---

Rich in natural active ingredients, this ointment acts on pain caused by varicose veins and fatigue. Given the anti-inflammatory and decongestant properties, the chestnut extract activates and stimulates venous circulation.

### composition

Chestnut extract, petroleum jelly, lanolin, wax.

### presentation

---

## Easy breathing gel with eucalyptus, menthol and camphor extracts

---

### action

---

A light cream to stave nose and ease breathing.

### composition

Petroleum jelly, menthol, camphor, eucalyptus oil and cedar.

### presentation

---

# NEW COSMETIC RANGE WITH ACTIVE NATURAL EXTRACTS AND PHOSPHOLIPIDS

UNIQUE AND INNOVATIVE

## LIPID BIOCOMPLEX

### **Protect the skin against dehydration**

*Phospholipids increase the skin's natural ability to capture and retain water in the stratum corneum.*

### **Restore the protective functions of the skin**

*Phospholipids stabilize and strengthen the biological protective barrier function of the skin.*

### **Strengthen the efficiency and stability of active substances**

*Phospholipids act as delivery agents for active substances they carry into the deeper layers of skin, helping to their penetration and uptake.*

### **Perfect compatibility and skin tolerance**

*Phospholipid-based creams act in perfect affinity with the skin from the surface to the core, they are rapidly absorbed and they do not hinder the epidermis (Skin Feel Effect). They also ensure a perfect cutaneous tolerance even at for the most sensitive skin.*

# Face cream with calendula and phospholipids

## action

Prepared in a special way, we obtained a natural cream where phospholipids moisturize and strengthen the skin structure (proven by clinical tests), potentiating soothing, regenerating and antioxidant properties of calendula. It provides balance of the skin, creating a protective layer that maintains the normal level of sebum and reduces water loss. The skin feels pleasantly enriched and becomes luminous, firm, smooth and soft, without being greasy, and instant moisturizing persists even after washing.

## composition

Aqua ,Glycine Soja Oil, Glycerin, Stearic Acid, Petrolatum, Cera alba, Cetearyl Alcohol- Alcohols 30/70, Butyrospermum parki (shea butter), Calendula Officinalis, Behenyl Alcohol (and) Glyceryl Stearate (and) Lecithin (and) Glycine Soja (Soybean) Sterols, Triethanolamine , Phenoxyethanol, Ethylhexyl-glycerin, Tocopheryl Acetate, Sodium Benzoate, Parfum UE/ Fragrance US.

# Moisturizing cream for dry and cracked elbows and heels

## action

With calendula, yarrow, comfrey, plantain and shea butter, we obtained a natural cream where the epithelisant, repairing, protecting and emollient properties of plants are potentiated by the moisturizing effect of phospholipids. It provides balance of the skin, creating a protective layer that maintains the normal level of sebum and reduces water loss. The cream helps treat heel cracks and it softens the dry skin of elbows.

## composition

Aqua, Glycine Soja Oil, Glycerin, Stearic Acid, Petrolatum, Cera alba, Cetearyl Alcohol-Alcohols 30/70, Calendula Officinalis Extract, Achillea Millefolium Flower Leaf Extract, Plantago Major Extract, Symphytum Officinale Root Cell Extract, Behenyl Alcohol (and) Glyceryl Stearate (and) Lecithin (and) Glycine Soja (Soybean) Sterols, Triethanolamine, Phenoxyethanol, Ethylhexyl-glycerin, Tocopheryl Acetate, Sodium Benzoate, Parfum UE/ Fragrance US.

LIPID BIOCOMPLEX 

# Gel with arnica, tutsan and calendula extracts

## action

We have obtained a natural, light gel, rich in active principles, with arnica, calendula and tutsan. Literature specifies the anti-inflammatory properties of arnica flowers, they regenerate and nourish the skin, stimulating blood circulation. It is used traditionally for cramps, muscular and rheumatic problems, insect bites, burns, wounds, contusions, ecchymosis, hematomas.

## composition

Aqua, Glycerin, Arnica Montana Flower Extract, Hypericum Perforatum Leaf Extract, Calendula Officinalis Extract, Triethanolamina, Phenoxyethanol, Ethylhexylglycerin, Carbomer.

## presentation

50 ml.

UNIQUE & INNOVATIVE  
LIPID BIOCOMPLEX 

# Light feet gel with chestnut, eucalyptus and ginkgo biloba extracts

## action

We obtained a light gel with chestnut and ginkgo biloba, rich in natural active ingredients that act gently on the swollen and tired legs. The feeling of heavy legs disappears and hematomas and ecchymosis are reduced. Chestnut and ginkgo biloba extracts activate and stimulate venous circulation, in addition, ginkgo leaves are known for anti-inflammatory and decongestant action over centuries. Menthol and eucalyptus oil cool, calm and soothe the pain.

## composition

Aqua, Glycerin, Aesculus hippocastanum extract, Ginkgo biloba leaf extract, Triethanolamine, Carbomer, Eucalyptol, Camphor, Phenoxyethanol, Ethylhexylglycerin.

## presentation

50 ml.
